

LEHIGH CARBON COMMUNITY COLLEGE FUNDRAISER WAS WELL SUPPORTED

On an overcast Friday in April, 126 shooters gathered at Lehigh Valley Sporting Clays in Coplay PA, to participate in the fourth annual Lehigh Carbon Community College Fundraiser. Located one hour north of Philadelphia, LVSC is surrounded by lush green forests and gentle rolling hills. The course is built around an old stone quarry that ensures entertaining presentations. Targets that rise out of the rubble of old buildings, or from behind chimneys, are the norm. The quarry itself offers shots over water, as well as targets that come from cliffs in the distance.

LVSC has 17 stations, all with 'A' and 'B' shooting boxes. Most of the stations have three, if not four trap machines. This allows endless target combinations. Since this was a fundraiser, competitors shot B targets.

When the last shot had been fired, participants and guests were treated to a meal of grilled beef tenderloin, barbecued chicken and bread pudding with warm brandy sauce – all prepared by students enrolled in Lehigh Carbon Community College's culinary school. It was delicious.

Jason Laubach, event coordinator, announced that over \$15,000 had been raised for their scholarship program. He added, "Thanks to all the sponsors and all

STEVE GOMBOCZ IN ACTION – THE OLD QUARRY BUILDING CAN BE SEEN IN THE DISTANCE.

the participants, we are able to change the lives of over 100 students."

Local shooter, Randy Dotter, took HOA with an impressive score of 97. The team of Steve Gombocz, Bill Kelsey, Stan Theodoridis, Dick Wilson, Jim Bambu and Brad Glustoff captured "High Team" with a combined score of 537x600. Lehigh Valley Sporting Clays offers many fun events throughout the year. More information can be found on their website at www.lvsclays.com

SHOTSHELL CASE

MTM® Case-Gard™ introduces the Shotgun Hunter Case (SH100), a ruggedly constructed carrying case offering a strong and comfortable handle, a single easy open latch and a nylon shoulder strap. Two outside-access lid compartments are teamed with molded-in shell holders to keep the shotgunner always ready for action.

Inside the SH100 are four, 25 round shotshell trays plus a Hip Hanger belt clip. Just slide a tray onto the Hip Hanger and attach to your belt or pocket. Shotshells are held at a comfortable 45° angle for quick retrieval – excellent for dove hunting, skeet, trap and sporting clays. (www.mtmcase-gard.com)

TARGET SETTING AT IT'S FINEST!

- >> 70 traps available for rent (covering the entire South East)
